

NELSON MANDELA LEARNING CENTRE, SHEPPARTON AUSTRALIA FOR LEADERSHIP, WORK AND SOCIETY

Alumni Leading in the Community Program

It is a project designed to tackle local issues through volunteering to improve civics, citizenship, and cross-cultural dialogue.

We believe that embracing our Alumni as our “team” will enable us to attract more talent, develop greater social cohesion and contribute in meaningful ways to improving the lives of those living without hope. There is a wide range of ways they can contribute time and support the “eye of the storm of change” of *Future Voices- Nelson Mandela Learning Centre Australia*

Lion International members, Dr John Bellavance Vice-President, Universal Peace Federation Australia and **Parish priest Monsignor Peter Jeffrey** inspired the Future Voices – Nelson Mandela learning centre participants about the works they do globally.
